PUBLICATION

This is **your** yearbook. It is a record of **treasured memories**. It is a priceless keepsake that cannot be replaced. It will last a lifetime if treated with care. Handle it as you would any other new book. **Open** it first down the center and press gently with the palm of your hands. Then begin to open it to other places following the same procedure, until you have opened every page, from cover to cover. This will avoid undue strain on the binding.

Do not store your book close to extreme heat, such as a radiator or heat duct. **Do not** leave it lying in the hot sun; it is fresh off the press and must have time to cure thoroughly before it is handled too much. **Avoid** getting it wet. Paper will soak up water.

Any abuse will damage your book. Careful observance of these instructions will help to make your book a lasting record of happy memories. Good luck!

THE 1961

HORNET

VOLUME 15

PUBLISHED BY THE SENIORS
OF

HELENA HIGH SCHOOL

Timberlake, N.C.

FOREWORD

The period in which we live and of our graduation from high school offers a privilege for service to any individual who is well prepared. May we think of the years spent at Helena High School as the initial period in this preparation for the opportunities that lie before us.

Through our many sacrifices and our determined efforts to achieve perfection in our selected fields of interests, we may help our communities to find a solution to their many perplexing problems.

Now the time has come for us to part. As we leave these doors of Helena High, we leave behind the cherished memories that have endeared us to our Alma Mater.

As we move on to fulfill our ambitions, may we stop and cherish those memories once again obtained through our many activities and organizations.

This yearbook we offer to the 1961 graduating class of Helena High School. Many years from now we will think of the many wonderful days spent at Our Dear Alma Mater.

DEDICATION

We, the Seniors of 1960-61 dedicate this volume of THE HORNET to the memory of Malcolm Gray.

We shall always remember his cheerful smile, his winning ways, and above all, his willingness to help others.

It is our hope that this dedication will signify the influence that he had on us, his classmates.

PRINCIPAL'S MESSAGE

Seniors: For the past twelve years your teachers, your parents, and you have been working cooperatively toward one objective: to prepare you to live a rich, meaningful life in our society. You have acquired much that will, if used with purpose and intelligence, enable you to live such a life. Each of us has a moral obligation to use unselfishly the abilities we possess. Only when each of us fulfills this obligation to ourselves and our society, will our world become one of peace and harmony. Fulfill this obligation; and your life will, indeed, be rich and meaningful.

We, your teachers, extend to each of you our sincerest best wishes.

We entered school for the first time in September, 1949, at Hurdle Mills, Helena, and Mt. Tirzah. I'm sure that all of us well remember that day. Some of us didn't know whether to laugh or cry.

With Mrs. Dickerson, Mrs. Fox, and Miss Monk as our first grade teachers, we followed the same routine as all the others - learning our A B C's, learning how to read, and to print. The Mt. Tirzah students had their first weiner roast.

Our second grade teachers, Mrs. Whitfield, Miss Pearce, and Mrs. Daniels, thought we were now old enough to know how to act, so they began punishing us if we misbehaved. We started in arithmetic this year and learned how to tell time. We at Hurdle Mills made Easter chickens out of cotton and all of us had Christmas parties.

Our third year was under the guidance of Mrs. O'Briant, Mrs. Satterfield, and Mrs. Daniels. We were really in deep this year! We finally learned what "homework" was. We learned to write and some of us became familiar with the expressions, "fussing and fighting."

The fourth year we were taught by Mrs. Kirby, Miss Rogers, and Mrs. Jones. I guess we all had our troubles with geography this year. We memorized Bible verses, had spelling matches, and studied health. The Mt. Tirzah students had their second weiner roast while Helena experienced their first.

Mrs. Lowery, Mrs. Howard, and Mrs. Reynolds made us learn the 48 states in our fifth year. Brother, did we have a hard time! We all had weiner roasts, Valentine and Christmas parties. We at Hurdle Mills went on our first field trip, and I'm sure Harold Crabtree remembers his experience with Mrs. Lowery.

Our sixth grade teachers, Mrs. Dawes, Mrs. Bryant, Mrs. Hicks, and Mrs. Clay really had a time with us this year. Quite a few of us learned where the principal's office was because our teachers enjoyed sending us there. We at Hurdle Mills learned to dance and wrote articles for the school paper. We also took a trip to Raleigh and visited historical buildings and the blind school. The Helena students also visited Raleigh this year.

We learned a lot in the seventh grade under Mr. James Street, Mrs. Bryant, Mr. Ralph Street, and Mrs. Bess Clay. We girls thought we were grown this year, so we started wearing lipstick. Of course, this made the boys seem to be interested in us. Mt. Tirzah enjoyed a trip to Natural Bridge this year, while Hurdle Mills enjoyed a trip to Raleigh to visit the State Prison and to attend the "Ice Capades." We also formed softball teams this year.

The eighth grade was the most enjoyable year of our grammar education. Mr. James Street, Mrs. Hicks, and Mr. Ralph Street prepared us for high school. Students from all three schools enjoyed playing ball against opposing teams. The Helena students experienced their first banquet while the seventh grade at Mt. Tirzah honored the eighth grade with a farewell party. The Mt. Tirzah students also took a trip to Raleigh and visited the museum and Capitol Building. Orientation Day was thrilling and exciting for all of us. We found out what high school was really like. Finally, our big night arrived - the night

HISTORY

for graduation from grammar school into high school. Janey and Lewell were especially excited since they were Valedictorian and Salutatorian of their class.

The time had come at last! We were finally in high school. Our homeroom teachers, Mrs. Welch and Mrs. Titus were very helpful when we entered the ninth grade. After we learned most of our fellow students and the routine of changing classes, we seemed to be getting alone fine. That is, until the mid-term exams arrived. Some of us were exempted from them, but others were less fortunate. A few outstanding events of this year: F.H.A. and F.F.A. initiations, Mother-Daughter Banquet, Father-Son Supper and the class weiner roast at Westwood Park. We also had our much dreaded health examination.

Our homeroom teachers in the tenth grade were Mrs. Brooks and Mr. Hicks. This year we became more accustomed to high school, so we settled down and began studying. Some of us were initiated into the Monogram Club and Beta Club. As sophomores we had the honor of initiating the ninth grade boys and girls into the F.H.A. and F.F.A. Another well-remembered event of our sophomore year was the wiener roast at Chub Lake.

We were guided through the eleventh grade by Mrs. Foushee and Mr. Hodge. This was a very exciting and most memorable year for us.

The highlight of our junior year was ordering and receiving our classrings. All eyes were upon Mr. Titus each day as he returned from the post office until our classrings arrived.

Another exciting event of this year was the planning of our Junior-Senior Banquet. We sponsored a magazine drive to raise funds to finance the banquet.

We all had a wonderful time working together to prepare the gym for the banquet. Finally, the big night arrived, and everyone arrived upon the scene looking like "gay butterflies." The banquet, the theme of which was "Hawaiian Cruise", was a most memorable event for all of us.

It is with split-personalities we begin our Senior year with Miss Ruth Lunsford as our advisor and guardian of our last year in school.

We are now in the midst of preparing the 1961 Hornet which we hope to be the best ever published.

Now, we face that great day in June, saddened by the realization that all too soon, the class of '61 will be only a memory. No more timed writings, no more literary discussions, no more joking, living, and laughing away the greater part of every day with each other. But, is our class to be just a memory? Oh, no, someday when all of us have gone our separate ways to live lives so individual that we do not even cross each other's paths, we'll hear a familiar name and sit up and say, "Oh yes, I remember old "Slim", he was in my class at school. Why, I remember one day when he .". Then suddenly we'll be back in typing class surrounded by familiar, beloved faces. We will even be able to see the sunlight streaming in the windows and hear someone say, "Close that blind, you Goof!".

No, the real class of '61 will never be disbanded for each to go his separate way, but in 1981 will be as a class today.

Signed, witnessed, and sealed this seventh day of December, 1960 by

NELL WOODY

As I was driving down the road one rainy day, I suddenly noticed that it had stopped raining, and there was a beautiful rainbow in the sky. Since I was very curious, I drove to the end hoping to find the pot of gold. My wish was fulfilled, for I did find the pot of gold. As I picked up each piece of gold, I saw the image of one of my classmates, which told me what he was doing since we graduated.

As I picked up the first gold nugget, I learned that JOYCE BLACKWELL is now living in Florida taming alligators and having a time looking after her ten children.

I eagerly looked at another piece of gold only to find that CAROLYN BOWLING has given up F. L. because she is allergic to his pet kangaroo. She is now appearing on the Metropolitan Opera programs in New York.

I was really getting excited as I picked up the next gold bar and was informed that DAVID CHAMBERS is now doing very well in his bootlegging business.

The next piece of gold informed me that BETSY MOORE is running a boarding house for pets in New York, but business is so bad she is taking a course in modeling to help "foot" the bills.

It seemed that time was slipping by fast, so I hurriedly picked up the next lump of gold and found that RILEY TUCK is now the biggest Romeo in Person County. When he is not calling upon the ladies, he fulfills his duties as County Manager of Person County.

When I had the next chunk in my grasp, I learned that PATRICIA CHANDLER has given up her boy friends and is now conducting a school of nursing in Bushy Fork.

I saw on the next rock of gold that it has been rumored that CAVINESS FOUSHEE has been racing with a great number of patrolmen lately. It has been rumored that he and David are partners, with David doing the manufacturing and Caviness doing the transporting.

I grasped another gold nugget and saw that FAYE CHAMBERS is still going to B.Y.U. trying to get her Mrs. Degree. Don't give up, Faye.

The next piece of gold showed me that LEROY DUNN has finally married J. C. and the two of them have a large chicken farm in Morristown.

As I looked at the next slab of gold, I was informed that SHELBY BRANN, like Riley, has overcome her bashfulness, is now married to the owner of the nation's largest department store, and has her own program on T. V.

By this time I was even more excited, so I peeked at the next nugget to find that DARNELL DUNCAN is now Governor of North Carolina.

The next glowing bar showed me that FRANCES WALTERS owns a Hula Dancing School in Hawaii. I wonder what happened to her high school "flame".

On the next lump I discovered that CECIL MARTIN is now a general in the army. He is stationed in Africa.

I noticed that it was getting late, so I hurriedly picked up the next piece of gold and learned that GERALDINE WHITFIELD is working as a nurse for Elvis Presley.

Next, I found that WILLIAM CRABTREE is "Chief of Police" of Pumpkin Center, N. C. and married to the cutest girl in town.

After looking at the preceding gold nuggets, I was even more curious than ever. I seized the next one and was informed that JANEY HUFF is having a hard time carrying her two little "painters" along with her when she promotes her new records for MGM.

The next slab showed me that LEWELL HUFF is married and rearing his own baseball team. He is very proud of them.

A very large piece of gold attracted my attention, so I picked it up and it indicated that FORGIA CHANDLER

PROPHECY

and B.A. are starring in Shakespeare's play Romeo and Juliet.

The next piece of gold which was very bright, showed me that JERRY BRADSHER has taken Dick Clark's place on American Bandstand.

I grasped another gold nugget and, to my surprise, I saw that NELL WOODY is being spoiled by her husband. Her presents have become a little higher priced now. He bought her a \$100,000 home.

I saw now a shiny bar which seemed to say, "Take me, Take me," so that is what I did. The message it bore was that CAROLYN FREDERICK is now one of the biggest farmers in Person County. She does the farming while Tommy does the house work.

I eagerly picked up the next gold nugget and saw that JAMES BROOKS is now the owner of the world's largest trained ant circus. It is stationed in Key West, Florida.

On the next piece of gold, I was informed that SYLVIA BLALOCK and S. K. own the Roxboro Manufacturing Company. It seems that before long they will have enough help without hiring employees.

On the following slab, I saw that HAROLD CRABTREE was elected as Kennedy's houseboy for four years following his graduation. He liked this so well that he has continued serving Kennedy at his Florida home.

As I picked up the next gold nugget, I was informed that JACKIE TIMBERLAKE is "top man" on the coaching staff at Carolina. Yes, Linda is still in the picture - his "better Half" and private secretary.

To my surprise, on the next chunk I saw that ANN HAWKINS has taken Ann Sothern's place on T. V. as private secretary to Peter Sands.

There were still many pieces of gold in the pot, so I picked up the next nugget to find that RAY DUNCAN is doing missionary work in Africa.

The next nugget informed me that MARTHA RIMMER

is now married to D.T. but she still carries a torch for L. B.

I learned from the next piece of gold that JOHN HEATHERLY is now practicing medicine in the Bahamas.

I didn't realize that we had so many in our class until now. I picked up another gold nugget and found that PATSY CLAYTON got tired of waiting for C. M. and went to Paris to stroll the streets with her new love.

As I looked at the next gold bar, I was startled to see that CARRIE EAKES is living in Florida running a reducing salon for men.

Next I saw JOYCE WEAVER in Reno getting her third divorce. P. L. was the first victim.

The next image I saw was of MARGARET MARTIN. She is head nurse in a hospital in New York and sells walking dolls on the side. She just wouldn't say "yes" to D. D.

Next I saw that HARRY GARRETT is a highway patrolman stationed in Person County. He got tired of getting caught for speeding, so he decided to try the shoe on the other foot - catch the other speeders.

On the next nugget I found that DALLAS WHITLOW is now a Trailway Bus Driver. Keep up the good work, Dallas.

Next I was informed that FOY ELLIOT is a secretary in Washington. Watch the boss, Foy.

When I reached into the pot for another gold chip, I discovered that there was only one left. Now, whose future was on this last bar? Well, I soon learned that DOROTHY BASS is champion woman wrestler of the world. She has not been defeated thus far.
